The INSTALLATION:

- DPW Cross Connection plan must be approved by DPW – including schematic
- Must have a non-removable backflow device (must be State & Town approved)
- **\*\*In-Ground sprinkler systems MUST have a testable backflow device. This must be verified by the plumbing contractor submitting plumbing permit application.**
- **\*\* If SILLCOCKS, draw-off, or drain pipes, install hose bib vacuum breakers with non-testable, dual-check valve in-line after meter.**
- The Water Department will then test the backflow device if applicable, and inspect the new meter, install & connect the reading device and seal the meter. This inspection requires at least a 24 hour notice. Call 781-270-1675 to make the appointment.

The Plumbing INSPECTION (Building Dept) will be scheduled by the licensed PLUMBER and after the DPW inspection and testing.

- Final inspection, approval and tagging by the Plumbing Inspector – call 781-270-1618

The Town reserves the right to inspect the 2<sup>nd</sup> Meter with a 24 hour notice.

**IN CASE OF AN OUTSIDE WATERING BAN, THE TOWN RESERVES THE RIGHT TO TURN OFF THE OUTSIDE WATER METER.**

- The 2<sup>nd</sup> Meter CANNOT be a deduct meter
- **All "outside" water will flow thru the 2<sup>nd</sup> water meter**
