Massachusetts General Laws Chapter 30B allows municipalities to dispose of goods no longer of use to the municipality. Goods with a value of less than $10,000.00 shall be disposed of according to a Surplus Supply policy adopted by the jurisdiction. Goods exceeding $10,000.00 shall be disposed of through either a sealed bid process or public auction.

When adopting the a Surplus Supply policy the Town of Burlington chose to use Municibid-an online auction house as a platform for selling items no longer of use to the Town.

Anyone can use and bid on items on Municibid. End users can even create an account on Municibid and have alerts sent to them by email when items in the Town of Burlington are available for sale.

To set up an account and receive alerts to items being sold by the Town please click on the following link: https://municibid.com/listing/auctionalert
