### **Notice of Job Vacancy Environmental Engineer, Board of Health**

The Town of Burlington seeks qualified applicants for the position of Environmental Engineer. Working under the direction of the Board of Health and the Director of Public Health, the Environmental Engineer is responsible for administrative inspection and technical work required in the enforcement of federal, state and municipal laws, ordinances, rules and regulations relating to environmental health and safety programs of the Town.

Minimum Requirements: Bachelor's Degree in environmental studies, chemistry or a related field, minimum of five years work experience in environmental health, public health or sanitary engineering or any equivalent combination of education and experience. Must have working knowledge of environmental state and federal laws, blueprint reading ability, ability to plan, organize and direct the preparation of reports to analyze problems and formulate recommendations, ability to speak and write effectively, and ability to deal appropriately and effectively with co-workers, the general public, the media, town officials, commissions and boards, state and federal agencies and the business community. Strong conflict resolution and organizational skills are very important. A valid Drivers License is required.

Starting salary is low-mid \$50,000's, depending on qualifications. Interested candidates should send resume and cover letter to:
