RETURN TO FUN!
GYMNASTICS EDITION

What will Gymnastics look like this summer?

GYMNASTICS 2020

Although this summer may look a little different, we have plenty of fun-filled days planned! You will be placed in small groups (no more than 10 children) based on ability level. Siblings and children residing at the same residence will be grouped together. All other children will be divided into equal groups by age. Groups will not be allowed to mix throughout the day.

Prior to each week, you will receive an email from our Gymnastics staff letting you know what unit your child is in. The email will be coming from gymnasticsbpr@gmail.com (please be sure to look through your spam folder each week).

Drop off & Pick up information

When you arrive, have your child(ren)'s name in the window of your vehicle and wait in your designated drop off line to drop off your child. Pick up will be handled in the same manner. Please arrive with your child(ren)'s name in the window of your vehicle and wait in the designated pick up line. Please do not park your car and/or get out of your vehicle.

WHAT TO BRING

WATER...and lots of it!
Peanut-free Lunch
in insulated cooler
Bathing Suit & Towel
Sunscreen
2 snacks
2 face coverings

Personal items/toys are not allowed
COVID-19 PROCEDURES

Health Screenings

Each morning, you will receive an email from our Club Simonds staff with a health screening form which must be completed prior to dropping off your child. Health screening includes checking for symptoms including feeling like you have a fever, cough, shortness of breath, gastrointestinal upset, new loss of taste/smell, muscle aches, chills/shaking, or any other symptoms that feel like a cold.

- If your child is feeling unwell, they must stay home.
- If your child or family member tests positive for COVID-19, alert the BPRD office immediately.
- Any individual who believes they have had close contact with someone diagnosed with COVID-19 will not be permitted to enter the program, regardless of whether they are symptomatic.

Our staff will also make a visual inspection of your child for signs of illness upon arrival. Once your child(ren) has passed both screenings, our staff will allow them to enter Club Simonds. If your child fails the healthcare screenings for any reason they will immediately be asked to leave the program.

Emergency Information

You must make sure that ALL emergency contact information is updated and accurate. If you have questions about what is listed in your account, please contact our office. You must provide work, mobile and home (if applicable) phone numbers that they can be reached at. Not repeating the same number for all 3. You should also confirm the email address we have on file to be sure you are receiving up to date program information.

Cleaning & Sanitizing Procedures

Our staff will be cleaning and sanitizing all equipment on a daily basis with a deep cleaning once a week as outlined by the CDC. Programs will use EPA-registered disinfectants and sanitizers for use against COVID-19. The frequency for cleaning is as follows:

- Equipment passed between participants/staff will be cleaned between each new person using it when it is possible.
- High touch surfaces such as doorknobs, railings or chairs will be cleaned at least twice per day.
- Lunch and snack spaces will be cleaned before and after meals.
- At the end of each day, all equipment and surfaces used during the day will be disinfected by cleaning staff.

In the case we have to close or cancel a program due to a confirmed COVID-19 case we will:

- Notify the local Board of Health
- Notify all participants
- Issue pro-rated refunds

Those effected may have to self-quarantine for up to 14 days.

Face Coverings

All staff and participants ages 3 and over should wear masks or cloth face coverings at all times when social distancing (staying at least 6 feet apart) is not possible.

Programs will enforce the wearing of face masks by parents if/when permitted on the premises and at all times during drop off and pick up when social distancing is not possible.
