DEPT./BOARD: Sidewalk Study Committee

DATE: 1/07/19

TIME: 7:00 P.M.

PLACE: Grandview Farm

Agenda:

1. Public Participation
2. Prioritization
3. Approval of Minutes
4. Adjournment
BURLINGTON SIDEWALK COMMITTEE MINUTES
January 7, 2019
Town Hall Annex

In attendance: Chr. Steve Morin, Christine Warren, Millie Nash

Absent: Sean Connors, Adam Sensei

Follow up on the action items from previous meetings.

The committee review the presentation that Kristin Kassner gave the committee at the previous meeting.

The committee planned for how we want to communicate our progress and what our next steps are. The committee decided to provide a 5 minute summary at town meeting, and prepare a survey that we would distribute via google forms, and provide paper copies in the library for those who don't have access to a computer.

Steve reported the follow-up from John Petrin on how the sidewalk construction on Route 3A in Billerica was completed. See below:

*The sidewalks are being done as part of the whole project for 3A. Billerica got a MassWorks grant for a major portion of the project. Thus, it is like what occurred for us on the Third Ave area. We had received State funds to assist with that construction as part of economic development. The sidewalks were part of the entire reconstruction of that portion of the roadway.*

Approval of Meeting Minutes from 12/27.

Adjournment
