DEPT./BOARD: Sidewalk Study Committee

DATE: 3/11/19

TIME: 7:00 P.M.

PLACE: GrandView Farms

---

Agenda:

1. Public Participation
2. Survey Results Analysis
3. Approval of Minutes
4. Adjournment
In attendance: Chairman Steve Morin, Christine Warren, Millie Nash

The committee discussed the 131 survey responses received, how best to categorize the responses (i.e., sidewalks needed due to heavy traffic, obstacles in existing sidewalks, etc.)

Chairman Morin requested member Chris Warren to ask member Adam Senesi to post the survey link to the Burlington Residents Network Facebook page once more to solicit more responses. The increases in responses to Adam’s first post went up from 22 to 131.

Member Nash was able to locate the hardcopy survey display at the library and reported two surveys had been completed and to be added to the responses already tallied.

The committee also began discussions on how to present the survey results to Town Meeting in May.
