

WHAT WE ARE DOING TO HELP STOP THE SPREAD OF COVID-19

- Physical distancing will be required whenever possible. When physical distancing is not possible, staff members and participants are required to wear a mask.
- You will be notified by the staff if you are required to do so.
- To attend programs, the participant should be symptom free for a minimum of 14 days. If participants are not feeling well, stay home. Staff members will actively monitor participants for symptoms of any kind.
- Plans have been created and implemented to complete extra cleaning and sanitizing of facilities and program equipment. High touch surfaces will be cleaned at least twice per day.
- Programs will operate with a maximum number set based on current COVID-19 guidance. If multiple groups are cared for in one program, each group will be in a separate designated space. Groups will not mix with each other at any time. Siblings in attendance at the same time will be kept in the same group.

Please reach out with any questions you may have. We can be reached at 781.270.1695 or recreation@burlington.org
