

# SEWER ALLOCATION

Permit # 1  
 Date: 12/31/2007  
 Fee: \$9,281.25  
 Bedrooms or Sq.Ft.: 11000  
 Flow : 825

Town of Burlington  
 Department of Public Works

**Adams St** **31**

*Street Name and #*

**LRM Insdusties** **781 555-1212**

*Applicant* *Phone Number*

Purpose of Project:

**Office Building**

**Fee:**

- Additions - \$500/Bedroom
- Single Family Demolition Reconstruct - \$2000
- All Other Requests (New Homes/Commercial Developments)  
 Flow (gallons/day) x 5 (removal ratio) x \$2.25 (2008 cost/gallon)

**Calculations:**

Flow = Office Space 75 gallons per day per 1000 SF of floor area  
 Flow = ((75GPD/1000) x 11000) = 825

Flow	Removal Ratio	Cost	
825	X 5	X \$2.25	= \$9,281.25

**Sample Calculations:**

New 4 Bedroom Home  
 Flow = 1 (Home) x 4 (Bedrooms) x 110 (gallons/day per bedroom) =  
 440 Gallons  
 440 Gallons (flow) x 5 (Removal Ratio) x \$2.25 (2008 cost/gal.) = \$4950.

Commercial Development  
 (Assume 10,000 gallons requested)  
 10,000 gallons x 5 x \$2.25 = \$112,500.
