**North Shore Water Resilience Task Force**

Below is a draft charter agreement for the North Shore Water Resilience Task Force - a final document would be formatted more elegantly.

**Mission**
The North Shore Water Resilience Task Force aims to identify and advance long-term solutions to improve water supply resilience and ecosystem health in the Ipswich River Watershed. We will do this by:

- Working to understand one another’s important challenges and goals;
- Engaging meaningfully and in good faith in discussions determined by the group as key to regional success;
- Working to reach a common understanding of the best potential solutions to achieve water supply resilience and ecosystem health; and
- Seeking full consensus on actions to support the most promising solutions.

**Members**
The task force defines membership as communities and organizations whose missions will be directly impacted by the outcome of the discussions to be taken up by the task force and whose agreement defines consensus. These members are identified as follows:

City of Beverly
City of Lynn
City of Peabody
City of Salem
Ipswich River Watershed Association
**Lynnfield Center Water District**
Salem and Beverly Water Supply Board
Town of Andover
Town of Boxford
Town of Burlington
Town of Danvers
Town of Hamilton
Town of Ipswich
Town of Middleton
**Town of North Andover**
Town of North Reading
Town of Reading
Town of Topsfield
Town of Wenham
Town of Wilmington

**Additional State and Regional Stakeholders**
Other entities who are not task force members may still have important stakes in the deliberations and outcomes of the task force, and their input, perspective, and knowledge could add value to the work of the task force. Additionally, certain task force actions may require one or more of these entities to participate as partners and to be included actively in the consensus-building process. These entities include, but are not necessarily limited to:

- MA Executive Office of Energy and Environmental Affairs
- MA Department of Environmental Protection
- MA Department of Conservation and Recreation
- MA Department of Fish and Game
- Massachusetts Water Resources Authority
- MassBays
- Massachusetts Rivers Alliance
- Massachusetts Water Works Association
- Mass Audubon Society
- Essex County Green Belt
- Trout Unlimited
- Trustees of Reservation
- Parker River Association
- Town of Essex
- Town of Manchester-by-the-Sea
- Town of Rockport
- City of Gloucester
- City of Lynn
- All other communities of the Ipswich River Watershed:
  - Towns of Andover, Boxford, Burlington, North Andover, North Reading, Reading, and Wilmington and the
  - Lynnfield Center Water District

As its understanding of the issues laid out in this document evolve, the task force will endeavor to ensure that the appropriate municipalities, agencies, organizations, and members of the public are involved at the appropriate level. This may involve amending the list of members and/or additional stakeholders.

**Conveners**
The following legislators are convenors of the task force, supporting the actions and initiatives of the taskforce and providing direct logistic support.

Senator Bruce Tarr
Senator Joan Lovely
Senator Brendan Crighton

Representative Sally Kerans
Representative Brad Jones
Representative Lenny Mirra
Facilitators
The conveners are invoking the services of the following facilitation team to assist the task force in accomplishing its goals:

- Martin Pillsbury, Metropolitan Area Planning Council
- Leah Robins, Metropolitan Area Planning Council
- Sara Cohen, MA Department of Conservation and Recreation

Initial Topics of Focus for Consensus Building
- Can the region improve water resource resilience and long-term supply security/sufficiency through a more robust interconnection network? Can an Integrated Water Resources Planning approach be a part of the solution?
- What is the feasibility and desirability of bringing additional water to Ipswich-reliant communities from adjacent watersheds?
- What is the feasibility and desirability of developing a reservoir in Topsfield?
- What is the feasibility and desirability of bringing in more MWRA water as part of the solution?
- What is the feasibility and desirability of desalination in the region?
- Is there a role for a new or resurrected regional water authority or sub-authority for the region?
- Is there interest in, and potential benefit from, more consistent messaging and water conservation throughout the region? Is there interest in, and potential benefit from, more consistent targets for residential per capita use and unaccounted-for water in the region? Can information-sharing among stakeholders help promote the most effective rate structures and water conservation programming?
- How can the region most productively spend earmarked money available for task force efforts in fiscal year 2022?
- Can the region pursue other short-term and longer-term financial resources for the region, such as funds through Chapter 259 of the Acts of 2014, bonding, or other state or federal funds?
- How should the task force draw from experience to make a regional collaboration as likely as possible to succeed?
- Can/should the task force develop a joint narrative of the region’s status and desired future?
- What are the appropriate metrics of sustainability for the Ipswich River Watershed?

Roles and Responsibilities
- **Members** will engage in discussion, information sharing, problem solving and consensus building to advance the mission of the task force. They will participate in good faith with the operations of the task force as described in the Member Agreements.
- **Additional State and Regional Stakeholders**, though not signatories to this charter, are anticipated to serve as advisors and supporters of the task force efforts at critical junctures, to potentially serve on subgroups of the task force, and to provide valuable perspective on various topics, as appropriate.
- **Conveners** will coordinate meeting space, scheduling, and logistics for task force operations and support the goals and initiatives of the task force through legislative action and other external support. They will also direct communication with the task force and outside stakeholders, including drafting press releases.
- **Facilitators** will help prepare for and moderate meetings, advise on structure and process to advance task force goals, assist in tracing and documenting decisions, and work to help parties resolve conflict. They will be available as a resource for all participants to share thoughts and concerns and are contacts for feedback on process, agenda items, and meeting summaries. To the greatest extent possible, they will work with conveners to provide agendas at least 7 days in advance of meetings and circulate meeting summaries and key decision outcomes to members within 7 days after meetings.

Measures of Success
- **First year:**
  - Will have utilized funding allocated in the FY21 budget to advance consensus decision making by providing additional data and information.
- **Short-term (first 3 years):**
  - Full consensus is reached on one or more actions to address regional water supply resilience and ecosystem health in the Ipswich River Watershed.
  - Sufficient funding is obtained for critical support of consensus action(s).
- **Medium-term (5-10 years)**
DRAFT FOR DISCUSSION PURPOSES

- Consensus action(s) are implemented.
- **Long-term (10 years and beyond):**
  - Task force communities can reliably deliver water to meet the needs of their service communities day-to-day and in times of drought.
  - Task force communities are a state model for region-wide coordination on water use efficiency.
  - The Ipswich River and its tributaries and wetlands sustain sufficient water levels and stream flows to support healthy wetland ecosystems.

**Member Agreements**

- Decisions will be made by full consensus, defined as unanimous support, of task force members or designated subgroup members. Items that achieve consensus will be prioritized for action. On items for which consensus cannot be reached, no action will be taken, however, such items can continue to be discussed and may be revisited with new efforts to reach consensus at any time.
- The task force may agree by consensus of all members to delegate some decisions to a subgroup of members and can include additional stakeholders in such subgroups as appropriate.
- Member communities/organizations will designate a representative and/or designee for decision-making purposes.
- Member participants will keep decision makers in their respective communities/organizations apprised of potential agreements of the task force, advocate for any options agreed to in principle by the task force, and transparently and in a timely manner bring back to the taskforce any concerns or roadblocks posed by such decision makers. **Members will also engage the public and additional stakeholders within their communities, as appropriate, to increase the likelihood of broad support for task force decisions.**
- As a matter of spirit and to the extent possible, task force members agree to disagree about previous disputes, instead holding one another accountable for their current and future actions.
- The task force will issue press releases related to its efforts, which will be reviewed by and approved by members.
- Individuals speaking about task force matters to the press, social media, or other public outlets will clearly state their affiliation(s) and will not speak on behalf of, quote, or characterize the positions of any other task force members. Additionally, as a matter of spirit and to the extent possible, task force members will refrain from making statements that harm or disparage other members or the task force itself.
- To facilitate timely record keeping, if members have feedback on meeting summaries, they will make every effort to provide it within 5 days of receiving the document.
- Additional topics of focus for consensus building, not outlined in this charter, may be added by consensus.
- Provisions of the charter are intended to last for three years unless extended, modified or amended by consensus, provided more particular agreements may be developed as necessary for particular initiatives.

This charter is effective as of [date of signing].

Select Board Meeting Monday 28 February 2022: 1st Quarterly Presentation

Process: Philosophy >>> Goal >>> Decisions >>> Action Steps >>>
Results >>> Self-Appraisal

Philosophy: The Diversity, Equity, and Inclusion (DEI) Committee believes that all the people who share this planet are diverse, equal, and deserving of inclusion. We want to strive toward a community where education, health care, housing, jobs and careers, voting, and security from government, military, and the police are equitable and inclusive for all. Given this philosophy, the DEI Committee begins in Diversity, Equity, and Inclusion for all the people who reside in the Town of Burlington Massachusetts.

Goal: The Town of Burlington must research and implement the strategy to achieve diversity, equity, and inclusion for every person who resides, is educated, and works in this community.

Decisions: The Select Board should:

1. Create a philosophy statement for all people who reside in Burlington;
2. Decide the definition of Diversity, Equity, and Inclusion¹:
   a. Diversity is defined as variety, assortment, multiplicity, mixture for all ethnic races.
   b. Equity is defined as fairness, impartiality, justice, and fair play for all people who reside in the Town of Burlington.
   c. Inclusion is defined as addition, enclosure, insertion, and attachment for all people who reside in the Town of Burlington, for education, health care, housing, jobs and careers, voting, and police security and protection.
3. Amend the Select Board’s Mission Statement to include Diversity, Equity, and Inclusion as the responsibility for everyone who resides in the Town of Burlington; and
4. Lead union contract negotiations to include language that address discrimination on the basis of race in three union contracts and Diversity, Equity, and Inclusion is included in all union contracts, effective 1 July 2022.

Action Step 1. Gather written data, analyze, and present the 1st Quarterly Report results which is attached for the Select Board.

Action Step 2. Select Board requests that Burlington Executive Leaders engage with the DEI Committee to change policies, procedures, and practices for every person who resides in the Town.

Action Step 3. Select Board adopts the annual Town of Burlington Diversity Score Card to:

¹ Thesaurus definitions.
a. Foster communications between the Select Board and members of the Burlington community;
b. Measure and report the results from the Town of Burlington Diversity Score Card; and
c. Demonstrate that everyone's strength is because each person is connected to the Town of Burlington in which they reside.

**Results:** Annually, the Burlington Executive Leaders present to the Select Board:

a. The results that are achieved because the Executives, managers, and employees focus on the Select Board's Philosophy, Mission Statement, and Diversity, Equity, and Inclusion as they exceed performance expectations for the department and division;
b. Acknowledge and highlight that the Diversity, Equity and Inclusion data and results must be shared with the community with the annual publication of the Town of Burlington Diversity Score Card; and
c. Continue to move forward and sustain Diversity, Equity, and Inclusion progress by resetting new annual goals achievements by demonstrating the goal efforts in the next year.

**Self-Appraisal:** Every person who is employed by Burlington is charged with the responsibility to achieve goals and results.

Each year, the employee prepares a written self-appraisal document that is given to the up-line manager who then assesses the employee's performance for the past year. The employee's self-appraisal document and the up-line manager's written appraisal both become part of the employee's file in Human Resources.

Dr. Nancy Bonassera, PhD.

We want to strive toward a community where education, health care, housing, jobs and careers, voting, and security from government, military, and the police are equitable and inclusive for all. Given this philosophy, the DEI Committee begins in Diversity, Equity, and Inclusion for all the people who reside in the Town of Burlington Massachusetts.

Strategy:

The DEI Committee launched a strategy to assess efforts which demonstrate the Town of Burlington’s commitment to Diversity, Equity and Inclusion in the community. The strategy includes these four steps:

Step 1: Gather written documents and analyze the data to determine if language about Diversity, Equity, and Inclusion is incorporated into the language documents, or if omitted, ask the appropriate questions to solve the issue; meet with the Town Clerk and the Director of Human Resources to convey the analysis outcomes for further action.

Step 2: Meet and suggest the Select Board:
(a) Create a philosophy that all people who reside in the Town of Burlington are diverse, equal, and included in education, health care, housing, jobs and careers, vote, and security from Burlington police; and
(b) Amend the Select Board Mission Statement to include Diversity, Equity, and Inclusion as a principal goal that must be achieved by management, employees, students, and residents who reside in the Town of Burlington.

Step 3: The DEI Committee is committed to engage and support Burlington Executive Leaders as they create Diversity, Equity, and Inclusion policies, procedures, and practices for every person who resides in Burlington. Daily practices may include learning how to accept responsibility for achieving goals and requires each person to learn how to annually appraise their own performance, using the flow diagram below:

Process: Philosophy >>> Goals >>> Decision >>> Action Steps >>> Results >>> Self-Appraisal

Pros/Cons Calendar

The Select Board is invited to introduce the Burlington Executive Leadership to the DEI Committee and the Committee is honored to have the Select Board’s approach to underscore the importance of Diversity, Equity and Inclusion efforts for the Town of Burlington!

Step 4: The DEI Committee recommends meeting with the Select Board on a quarterly basis to:
• Foster communications between the Select Board and members of the Burlington community;

• Identify and discuss DEI’s on-going forward movement to achieve DEI goals and results;

• Measure and produce the Burlington Diversity, Equity, and Inclusion Score Card which displays all efforts and results for the Town of Burlington, on an annual basis; and

• Develop and implement the strategies to sustain the Town of Burlington’s Diversity, Equity, and Inclusion results which demonstrates everyone’s strength who is connected with this community.

Strategy Step 1. Documents and Data:

During the month of November 2021, the DEI Committee gathered materials from Ms. Amy Warfield, Town Clerk and Ms. Joanne Faust, the Town of Burlington and the Burlington Public Schools Director of Human Resources to secure documents. Here is a summary of documents:

Of the three Town documents, there is no reference to Diversity, Equity, and Inclusion. The Town Clerk suggested some of the data indicated was estimated by the U.S. Census.

On Wednesday 19 January 2022, the DEI Committee met with the Town Clerk and the Director of Human Resources to discuss the analysis of documents and share questions that must be addressed. Here are the results from both conversations:

Of the twenty-one documents, there are 15 documents where the language of Diversity, Equity, and Inclusion must be addressed.

Each of the seven union contracts expires 30 June 2022 or during FY 2022. The DEI Committee recommends that Diversity, Equity, and Inclusion language be included in every union contract, as well as specific language which describes discrimination that may occur in any organization. It should be recognized that three union contracts do not address discrimination which is against state and federal laws and must be addressed as employee rights and protection. To focus on this issue, the union contract languages is presented herein:
Union Contracts

AFL-CIO State Council and Public Works: Article 4 “There shall be no discrimination by foreman, superintendents, or other agents of the employer against any employee of his activity or membership in the Union. The employer further agrees that there will be no discrimination against any member for his adherence to any provision of this Agreement to comply with any other which would violate this Agreement.”

DEI Committee: In the union contract, there is no reference about race, religion, creed, color, National origin, sex, age, or disability or any other classification protected by state or federal law. The discrimination language must be corrected.

International Association for Firefighters: Article 1 “The Union shall not discriminate against any employee by reason of non-membership in the Union.”

DEI Committee: In the union contract, there is no reference about race, religion, creed, color, National origin, sex, age, or disability or any other classification protected by state or federal law. The discrimination language must be corrected.

Burlington Police Command Officers Union: There is no discussion about discrimination.

DEI Committee: In the union contract, there is no reference about race, religion, creed, color, National origin, sex, age, or disability or any other classification protected by state or federal law. The discrimination language must be added to the contract.

**Strategy Step 2. Select Board Mission Statement:**

The Select Board is an elected body of five (5) members and comprises the Chief Executive Branch of the local government. The mission statement for this Board is as follows:

- To provide services that promote the health and safety of residents and a high quality of life, while preserving and protecting the natural resources of the Town.
- To foster high standards of public service and effective cooperation among Town employees by providing a supportive work environment and competitive compensation, by recognizing excellent performance, and being responsive to the needs and interest of Town employees.
- To continue to provide pro-active support and cooperation in pursuit of high quality education programs and services in the Town.
- To provide services as economically as possible so that living or doing business in the community remains affordable, while preserving something close to the current balance of reliance on residential and commercial property.
- To create a sense of community within the Town (to develop the "soul" of the community), while recognizing the "mixed" diverse nature of the community.
- To support a strong economic base through effective land use planning.

As the Select Board considers the current language in the Mission Statement, it may be helpful to explore **why** Diversity, Equity, and Inclusions must be added to the Select Board's informed decision. The DEI Committee suggests there are two useful sources:

- The **Golden Rule** is the principle of treating other people as one wants to be treated; and
The Constitution of the United States of America

As the Select Board considers the Golden Rule and The Constitution of the United States of America as resources for creating the language for the Mission Statement, it may be helpful for the Select Board to examine your values and behavior, and the values and behavior for the people who reside in the Town of Burlington. The DEI Committee suggests there are two exercises that may be helpful to look both approaches:

Values Measure Behaviors which helps you to look deep within yourself and reflect on your values which controls behaviors; and (b) The Theory Strategy for the Town of Burlington which focuses on the behavior for everyone who resides in the Town of Burlington and stimulates how Diversity, Equity, and Inclusion, which is the responsibilities for everyone in this community, as well as the theories based on Maslow’s Theory, You, and Organization Management within the Select Board, Executive Leaders, Directors, Managers, and residents.

Values Measure Behaviors

Perseverance # 2. To persist, to strive in spite of difficulties. # 2.

Strategy Step 2. Select Board Mission Statement:

The DEI Committee suggests that these sentences may be helpful to choose words for the Select Board Mission Statement.

DRAFT:

The Select Board is an elected body of five (5) members and comprises the Chief Executive Branch of the local government. The mission statement for this Board is to:

- Create a sense of community within the Town of Burlington to embrace and engage in Diversity, Equity, and Inclusion so that the "soul" of the community is to accept who we are and support our efforts to succeed in how we live in the "mixed" diverse nature of the Town;
- Provide services that promote the health and safety of residents and a high quality of life, while preserving and protecting the natural resources of the Town;
- Foster high standards of public service and effective cooperation among Town employees by providing a supportive work environment and competitive compensation, by recognizing excellent performance, and being responsive to the needs and interest of Town employees;
- Continue to provide pro-active support and cooperation in pursuit of high-quality education programs and services in the Town;
- Provide services as economically as possible so that living or doing business in the community remains affordable, while preserving something close to the current balance of reliance on residential and commercial property;
- Create a sense of community within the Town (to develop the "soul" of the community), while recognizing the "mixed" diverse nature of the community; and
- Support a strong economic base through effective land use planning.

In our initial efforts, the DEI Committee achieved results in Strategy Step 1 and today the DEI Committee is asking the Select Board to take leadership and accept responsibility for implementing Strategy Step 2 to change the Mission Statement.

The next steps in the Strategy approach is to ask the Select Board to embrace Steps 3 and 4, open the door, and introduce the DEI Committee to the Burlington Executive Leadership, and begin a
long-standing relationship as we welcome Diversity, Equity and Inclusion into reality in this community!

Finally, should the Select Board want or need executive coaching with the exercises – Values in Behavior and Theory Strategy for Town of Burlington – B.J. Addison Reid can guide the conversation with positive results for the Select Board team.

Hi Dev,

Liquor Stores are considered retail uses in the General Business zoning district, therefore unless you are proposing exterior changes to the building, you will not need permitting with us. Please reach out to the Selectboard's Office (copied on this email) regarding obtaining a liquor license.

Again, if you are making any exterior changes to the building or the property you will need approval from our office.

Best,

Liz
