Minutes

Nicci Kadillac presented the idea of donating an artistic bench in honor of Leo Abramov, Burlington resident who recently passed at the age of 36. Nicci and Leo's wife would like to work on this donation. Details to come later. The Committee was supportive of this idea and will work with Nicci and Kerry to coordinate the donation. This donation will have to be approved by the Select Board and will not move forward until the results of the Police Station Feasibility study is completed.

The Committee discussed working with Shawsheen Technical High School to complete the construction at the park. All members were supportive of this approach. Barb will get quotes from Shawsheen. Again, this project will not move forward until the results of the Police Station Feasibility study is completed. The Committee voted unanimously to investigate this option.

Jim Tigges presented a plan for security at the park. The Committee will explore two to three solar powered cameras. Select board permission will be required. The committee agreed that for the short term, the committee members can handle maintenance and monitoring but that a long term plan will be needed in the future.

The Committee discussed possible spring events at the park including:

-a family friendly drawing event. George to look into supplies and having high school students attend/assist.
